

ERANE company profile

About FRAME;

FRAME established 2005; as the vision of enthusiastic civil Engineer, launching engineering firm concerned with advanced technologies in achieving customers' satisfaction and fulfilling technical requirements;

In 2010 **FRAME** for Façade Aluminum and Glass solutions eagerly concurred the Egyptian Market, dealing with most of class-A Developers and Contractors, and hitting records in productivity and commitment in all deliverables aspects.

In 2016 **FRAME** added further manufacturing yard equivalent to 3000m2; to coop with the extensive customers' needs; implementing the most advanced German technologies in cutting and assembling of the products.

Up to 2020 **FRAME** had Covered diversity of residential, commercial, industrial, medical, military, recreational and touristic projects.

chairman's vision

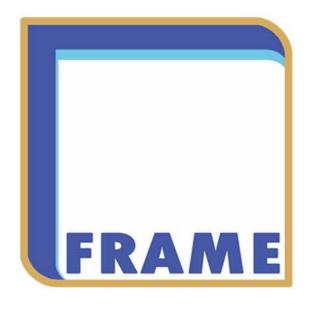

Through the past 15 years, **FRAME** had delivered the utmost quality Facades in the Egyptian and international markets, yet, we remained focused on our customers' satisfaction. Continuously, we are challenging our success. looking forward to serve and support current/further customers, as **Frame's** success won't be honored without the contribution of our customers.

Besides, we are in a never-ending improvement process for Facades manufacturing, we are providing our customers with value Engineering solutions for their Projects best interest; herein we consider this part is our best competitive edge.

I am proud to be part of such success story!

Frame's people

FRAME's personnel, is the most valuable asset in the company. We aim to maintain the Employees satisfaction by assuring that, they have abundance of chances to proof and improve themselves, having the room to innovate and perform their own visions and expressing their ideas. Everyone in **FRAME** adds value, and counts as a unique competence. **FRAME** is People.

AUTHORIZATION LETTER

Date: 01-01-2019

Authorized Fabricator Certification

To whom it may concern:

This is to certify that FRAME CO. is an Authorized Fabricator of Alumii systems.

They have successfully completed various projects in Egypt using Alumil profile systems in compliance with Alumil standards.

Alumil is fully committed to provide FRAME CO. with any technical assistance and supervision required during the project execution and shall approve shop drawings to ensure full compliance with Alumil standards.

Alumil is responsible of the proper performance of its systems provided that all fabrication and installations instructions have been fulfilled.

This certificate is valid for One year, subject to annual auditing.

Alumil Misr

Machines & Aluminium Center

Authorized Fabricator Certificate

To whom it may concern,

This is to certify that: Frame For Aluminium & Glass Facades – Engineer: Sherif Marndouh is an authorized fabricator of Machines & Aluminium Center systems.

They are one of our trusted fabricators who have successfully completed several projects using ours aluminium profile systems.

We are responsible for the technical performance of our systems provided, In case of that, the fabricator has fulfilled all the specifications and instructions needed for fabrication and installations.

Also, we are committed to providing full technical assistance, site visits, supervision and providing technical solutions for all projects using our aluminium systems and accessories, to ensure full compliance with its standards.

This certificate is valid for one year and is subject to auditing based on the fabricator's performance.
